RESPONSE TO ELECTION/RESTRICTION REQUIREMENT UNDER 35 USC §121

MAIL STOP AMENDMENT Commissioner for Patents P.O. Box 1450 Alexandria, Virginia 22313-1450

Dear Sir:

This paper is filed in response to the Office communication dated September 7, 2006. It is respectfully requested that the election below be entered with traverse and that the application be examined on the merits.

REMARKS

In the action dated September 7, 2006, the U.S. Patent and Trademark Office required restriction under 35 USC §121 from among the following groups:

- I Claims 1-28, drawn to a method for producing a transformed cereal plant or maize, classified in class 435, subclass 469, for example.
- II Claim 29, drawn to a method for increasing the transformation efficiency of a cereal transformation, classified in class 435, subclass 469, for example.

Applicants elect Group I consisting of Claims 1-28 with traverse and respectfully request that the application be examined on the merits. Applicants believe that it would not create an undue burden on

the Examiner to conduct a search encompassing all of the claims. Further, Applicants reserve the right to file divisional applications to further prosecute non-elected groups.

Should any questions arise or if Applicants or Applicants' attorney can facilitate the examination of this application, it is respectfully requested that the PTO contact the undersigned attorney.

Respectfully submitted,

M. Todd Rands Reg. No. 46,249
